

Rounding CenterSM

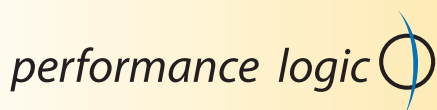

The most effective tool available for Environment of Care and Patient Safety rounding

Rounding Center is a powerful yet easy-to-use tool that enables you to automate existing EOC and Patient Safety rounding surveys. Use Rounding Center to capture issues, develop action plans for resolution, assign tasks and responsibilities, and monitor progress in real time. Built-in reporting capability makes it simple to generate multiple reports. Rounding Center will allow you to see and share the results of rounding efforts at your organization, and increase employee satisfaction while providing better service to your customers.

Benefits

- ▶ Track critical EOC and Patient Safety rounding data real-time
- ▶ Automate EOC surveys and distribute results instantaneously
- ▶ Resolve open issues within days instead of weeks
- ▶ Centralize rounding data in one secure location
- ▶ Engage staff in taking responsibility and resolving issues
- ▶ Increase communication and collaboration
- ▶ Identify chronic problem areas quickly and easily
- ▶ Eliminate confusing and wasteful paper trails

Performance Logic has been defining the standard in project management software since 2000, when our PPM software for the healthcare industry was introduced. Our clients have delivered over 5,000 projects and scorecards focused on safety, quality, performance improvement, business planning, and IT implementation.
